

APPENDIX 1 – BODY SHELLS

Only GT body shells are allowed. All shells must be a reasonable representation of the full sized car as judged by the GT Section Committee. The final decision on including bodies in the approved list rests with the GT12 Section Committee. Manufacturers are recommended to contact the GT12 Section Committee to confirm if any specific car is permitted. (Intent – that LMP cars and those designed specifically for racing are not allowed). As part of the homologation process, the manufacturer's part number must be clearly marked in the lower corner of the windscreen area.
