N.B Timetable is only provisional and may be changed by the committee over the race weekend.
Catering will be available on both days from the club house café.

General Track Rules

The main access road to the track has to be clear at all times.

Generators will be situated in designated areas. If you are using a generator please store the fuel can well away from the generator, out of sight in the boot of your car would be ideal. No generators to be run after 20:00.

Mains power will be provided for operation of RC equipment in the pitting areas only. This is NOT for use by campers to operate kettles, lighting, heaters etc. Please ensure when using an extension cable the cable reel is fully open and not coiled up. Please do not leave electrical items out overnight, damp getting into chargers and power supplies can also cause the power to trip out.

Camping

Camping fees should be paid direct to Halifax Track - YRCMCRC and the costs, per night, are as follows:

Club members = Free

Non club members = £10

Halifax Track - YRCMCRC do have the facilities for the disposal of chemical toilet waste.

No open fires of any type are allowed on site. All barbecue devices must be raised above ground level.

The British Radio Car Association (BRCA):

- a) To promote the construction and racing of radio-controlled cars.
- b) To facilitate the exchange of information and ideas relating to the sport.
- c) To set rules and standards for construction and racing.
- d) To encourage National and International competition within a coordinated calendar.
